# MAKE CURIOSITY A FAMILY TRAIT

Exploration begins at home. Or rather, the driveway. The robust and spacious ŠKODA KODIAQ is eager to turn every family drive into a curious exploration. The car makes its undomesticated ambitions quickly known, thanks to a striking design that's bolstered by protective details all around like the wheel arch covers and reinforced front and rear bumpers. Along with the stunning LED Matrix headlights, an array of assistance systems is on hand to keep you safe on every adventure. Things remain cosy inside thanks to the Ergo front seats. Larger families can opt for the seven-seater version, and the more adventurous ones can tackle any terrain with the optional 4x4 drive.

That's Simply Clever. That's ŠKODA.

# EXTERIOR DESIGN

# DRESS UP ANY ROAD

As is typical for ŠKODA SUVs, everything is perfectly balanced. Exterior elements form a harmonious whole, where robustness meets elegance.

## STYLE AND FUNCTIONALITY

The newly designed elements of the front end, such as the bonnet, grille, headlights, and bumper with spoiler, underline the car's confident expression. Above all, plastic protective elements all around the vehicle, including a bold add-on part on the front bumper spoiler in the off-road design, directly invite you to explore new paths.

# SUNROOF

The electrically-adjustable panoramic sunroof, which allows you to create a large open space above the front seats, will enhance the attractive look of the car and provide more pleasure and a greater feeling of freedom for all passengers. If necessary, it can be covered with an electrically-adjustable blind.

**FULL LED MATRIX HEADLIGHTS**

The newly shaped KODIAQ headlights are available in two types in terms of functionality. Equipped with LED lights, both types offer high performance and high energy efficiency. The top-end option comes with full LED Matrix headlights, which represent state-of-the-art technology.

**TOP FULL LED TAIL LIGHTS**

The TOP full LED tail lights impress with their stylish appearance and efficient performance. Fitted with animated turn indicators, they significantly improve the visibility of your car for other drivers. In addition, when you lock and unlock your car, the welcome effect activates the animation feature.

**SUV SIGNATURE**

The rear features the new roof spoiler in glossy black, which underlines the car's distinctive appearance while improving its aerodynamics. The robust bumper with the lower part in black matt complemented by an add-on part in aluminium look emphasise that the KODIAQ feels at home on off-road adventures. With its higher ground clearance, the vehicle can travel off the tarmac regardless of the type of drive selected. If you are looking for the best possible off-road capability, we recommend the 4x4 version available with both petrol and diesel engine.

# INTERIOR DESIGN

# EXPLORE FAMILY CONVERSATIONS

The car is designed to keep all members of your family relaxed and entertained. While the ambient lighting and other decorative elements add to the overall stylish feel of the interior, the Virtual Cockpit and ventilated Ergo front seats will enhance your driving confidence.

## LED AMBIENT LIGHTING / SOUND SYSTEM

The ambient lighting allows you to choose one of the ten colour options for the dashboard, front and rear door lighting, or even the front and rear foot area illumination. The selected colour will also appear in the background of the Virtual Cockpit. The unique interior lighting can be accompanied by perfect sound. Enjoy absolute sound clarity on the Canton Sound System with twelve speakers, delivering a total power output of 625 Watts.

## 10" VIRTUAL COCKPIT

The Virtual Cockpit displays onboard computer specifications in combination with other information such as navigation. You can choose from five layouts controlled via the View button on the steering wheel.

**ERGO FRONT SEATS**

Maximum comfort for the driver and front passenger is ensured by the optional electrically-adjustable Ergo front seats, which also feature, among other things, cushion depth adjustment and massage function.

**DECORATIVE ELEMENTS**

The decorative stitching, which can also be found on the dashboard, and chrome details, such as the air ventilation frames and Canton Sound System speaker frames, increase your feeling of comfort.

# CONNECTIVITY

# ŠKODA CONNECT: TAKE THE ONLINE WORLD WITH YOU

Stay connected wherever you are. Being fully and permanently online means always having access to entertainment, information, and possible assistance while on the move. ŠKODA Connect is your gateway to a world of unlimited communication options.

## CALENDAR

With the Calendar app, designed for work-related activities, you can spend your travel time productively and safely. The application allows you to conveniently access and interact with your calendar while driving. Using the navigation button, the Calendar app will navigate you to your planned meetings. You can also join conference calls using a connected mobile phone. All of the content is synchronised online and linked to your account for seamless transition between your devices.

## PARKING POSITION

The vehicle sends its location data to the backend server once the journey is completed. You can then find the position of your parked vehicle using the MyŠKODA app.

## ONLINE TRAFFIC INFORMATION

With Online Traffic Information, you always get up-to-date information, saving you time and the stress of sitting in traffic jams. If enabled, the navigation system will automatically recalculate the route to arrive at the destination just in time.

# ADDITIONAL CONNECTIVITY OPTIONS

Discover additional options and features. For example, with Laura, a digital voice assistant is available in your car. With the SmartLink feature, supporting Apple CarPlay and Android Auto, the car's infotainment system allows you to use your phone safely while driving. With Car Access, which is part of the MyŠKODA app, our partners will deliver your order directly to your car. You can also enhance the in-car connectivity with additional Web apps such as Weather, News, Digital manual, Traffication, and many more.

## LAURA DIGITAL VOICE ASSISTANT

This online-based voice control system understands fluent sentences. Say the destination with natural voice input, dictate text messages, or even ask her to tell you a joke. The online part of Laura is ready for anything. To start fulfilling your wishes, simply contact her by saying "Okay, Laura!"

## TRAFFICATION

The Traffication app increases your safety by providing traffic-related warnings from the vicinity of the vehicle. Running in the background, it alerts you if you are attempting to drive the wrong way down a road. Notifications are also shown in the event that hazard lights are activated in the radius of your vehicle.

# SIMPLY CLEVER

# ŠKODA'S LITTLE HELPERS

Life is easier when equipment is practical. Thus, the KODIAQ comes with features based on your actual needs and includes Simply Clever details that help you avoid any inconveniences, even if it's just looking for a place to store your drink.

## DOOR EDGE PROTECTION

Your car can also be equipped with door edge protection. When opening all side doors, plastic strips eject and cover the edges. In this way, the KODIAQ protects itself against damage as well as being considerate to other cars. Perfect for tight parking spaces, for instance.

## UMBRELLA STORAGE COMPARTMENT

An ingenious compartment with original ŠKODA umbrella is fitted inside the driver's door. It is designed to let water drain away from the car, keeping the interior dry.

### ICE SCRAPER

The ice scraper, which is mounted on the fuel cap, can also be used to measure the depth of the tyre tread.

### LIQUID RESERVOIR

You will never spill a single drop when refilling the washer fluid. The liquid reservoir is not only easily accessible, but also has an integrated funnel.

**COMFORT  
AND SPACE**

# COMFORT IS YOUR CO-DRIVER

The KODIAQ lets you turn a routine trip into an extraordinarily pleasant experience. Treat yourself to some luxury that will give you that special feeling as you set out for ordinary, everyday destinations.

## KESY

With the new version of the KESY (Keyless Entry, Start and exit System), all doors can be used to unlock or lock the car.

## FOLDABLE MIRRORS

The automatically foldable external side-view mirrors fold in when the car is locked. This protects the mirrors from damage, especially when parking in a confined space, and you also have a visual confirmation that you have locked your car. The driver's side mirror also features a dimming function that prevents glare from the car behind you.

**COMFORT IN THE BACK**

On the rear part of the Jumbo Box, you will find, among other things, a USB-C port, enabling mobile phone charging, and a socket (230 V or 12 V).

**AIR CARE AND AIR QUALITY SENSOR**

The Climatronic air conditioning features a smart Air Care function and Air Quality Sensor that contribute to cleaner air in the vehicle. Air Care can clean dust from the interior and must be activated by the driver via the Climatronic menu. The Air Quality Sensor, which detects excessive air pollution, responds automatically by switching to internal air circulation mode, taking into account the possibility of the window fogging up. This function needs to be activated only once in the infotainment system.

**PHONE BOX**

The phone box, suitable also for large display devices, creates an amplified signal for your mobile phone and, at the same time, wirelessly charges your device while driving. Two USB-C data ports located above the phone box allow you to easily connect and pair your external devices with the infotainment system.

#### JUMBO BOX

The spacious Jumbo Box storage compartment is housed in the front armrest. When the air conditioning is on, you can even cool your snacks here.

#### ADAPTIVE CRUISE CONTROL

The driver's comfort during long motorway journeys is enhanced by the Adaptive Cruise Control, which operates up to speeds of 210 km/h. Predictive Adaptive Cruise Control is also available (see Safety section).

**REAR ARMREST**

When the middle rear seat is not occupied, the armrest with drink holders can be folded down.

**FOLDABLE TABLES**

The comfort of the passengers in the rear seats can also be increased thanks to the foldable tables, which are built into the backrests of both front seats.

**SEVEN-SEATER INTERIOR**

Up to seven people can travel in the KODIAQ version that has an optional third row of seats. This means that there are two extra seats available with a separate foldable backrest. When using the third row of seats, the luggage space cover needs to be removed. The double floor provides extra storage space for it, so you don't have to keep it in the garage or home. We haven't forgotten about the comfort of passengers on the third row of seats. They will appreciate the bottle and mobile phone holders in the luggage compartment side covers.

# RETURN HOME WITH MORE THAN JUST PHOTOGRAPHS

Ambitious plans require ambitious spaces, especially if you're traveling with a large family. The new KODIAQ is carefully thought through, so everyone can find a place for everything they want to take with them.

## NET PROGRAMME

The set, including one horizontal and two vertical nets, will reliably prevent your things from moving around. Plus, you will clearly see where you put everything.

## CARGO ELEMENTS

To avoid any undesired movement of luggage while driving, these two plastic cargo elements are ideal. They are stowed away in the compartments behind the rear wheel arches when not in use.

**CAPACITY**

The five-seater version offers 835 litres or 2,065 litres after folding down the rear seats (see photo). The seven-seater version also provides more options: from 270 litres when the car is fully occupied to 2,005 litres with the third and second rows of seats folded down.

**HOOKS**

The robust sliding hooks, located on the sides of the luggage compartment, make your bags easier to transport and more secure.

# SAFETY

# TRAVEL ASSIST

The Travel Assist system as well as its higher version combine the functions of several assistants and ensure that you feel safe and comfortable, no matter where you drive. For maximum safety, the system must be constantly monitored by the driver. That's why a capacitive steering wheel detects the driver's tactility, providing an interactive interface to the system. If the driver is not engaged in driving, this behaviour is detected by the capacitive steering wheel.

## PREDICTIVE ADAPTIVE CRUISE CONTROL

Using a radar device, camera equipped with traffic sign recognition, GPS technology, and detailed information from the road map, pACC can predict driving conditions for the next 1 - 2 km. As a result, the system can automatically adjust the cruise speed when necessary – typically before a turn or roundabout, or when entering an area with a reduced speed limit. The system increases driver comfort and driver safety while also reducing fuel consumption and CO<sub>2</sub> emissions.

## TRAFFIC JAM ASSIST / FOLLOW DRIVE

This function is designed to facilitate driving in traffic jams. By controlling the engine, brakes, and steering, it makes the vehicle pull away, brake, and turn to copy the movement of the surrounding vehicles (at speeds of up to 60 km/h). If lanes are not detected at speeds of up to 30 km/h, or only one lane (line) is detected at speeds of up to 60 km/h, the Follow Drive system follows the trajectory of the vehicle in front of you until lane markings are available again.

**ADAPTIVE LANE ASSIST**

The system is capable of keeping the car in the middle of the correct lane and of alerting the driver in case of deviation. It can also take control of the car in the event of lane changes during roadworks.

**EMERGENCY ASSIST**

Emergency Assist reduces the risk of an incident in the event of the driver's sudden health collapse, for example, by safely stopping the car and turning on the warning lights.

**FRONT ASSIST**

The Front Assist system, using a radar device in the front grille, is designed to monitor the distance from the vehicle ahead, including emergency braking function. The system also includes predictive pedestrian protection, which warns the driver via an audio/visual signal as well as a gentle jolt of the brakes.

# ADDITIONAL EXPERTS ON BOARD

You can encounter various things on the road. To ensure that the car is ready to handle all situations that may occur en route, additional assistants with multiple functions are on hand to help or fill in for the driver.

### MATRIX BEAM FUNCTION

The full LED Matrix headlights feature matrix beam function. This allows you to use the high beams continuously, without blinding other drivers. Using a windscreen camera, the matrix beam function responds to the traffic situation and turns off only some segments of the light. Other segments are turned on and illuminate the road. In addition, thanks to this function, you are not blinded by reflective materials on traffic signs, for example. The matrix beam function also uses information from the navigation system, so the high beams will only turn on when you are out of a built-up area.

### CREW PROTECT ASSIST

This assistance system provides increased protection for front-seat passengers in critical situations that could lead to a crash by closing the side windows to leave only a 5 cm gap, shutting the roof window, and tightening seatbelts. The new state-of-the-art version of the system can use radar sensors both in front and in the rear.

### TRAILER ASSIST

The system takes control when you reverse slowly with a trailer or caravan and makes your parking manoeuvres easier and safer. All you have to do is decide where to reverse to, when to start and when to stop.

# LAURIN & KLEMENT

*Laurin & Klement*

## WEAR THE FAMILY NAME WITH PRIDE

Sophistication isn't just a choice. It's a badge worn with pride each time you step inside the ŠKODA KODIAQ LAURIN & KLEMENT. Packed with our finest examples of craftsmanship, design and heritage, the car offers bespoke comfort and a well-mannered ride. Inspired by our uncompromising founding fathers, Laurin and Klement, this exclusive equipment version takes the legacy of our attention to detail and gives it a modern SUV twist.

**STYLE AND FUNCTIONALITY**

The Laurin & Klement version features specific exterior elements such as chrome front grille and decorative exhaust pipe end pieces in a chrome design. 19" or optional 20" anthracite alloy wheels emphasise the exterior's exclusivity. The light design of the car is of the highest level. The full LED Matrix headlights and TOP full LED tail lights with animated turn indicators come as standard.

## UPGRADE TO THE DELUXE SUITE

When furnishing the Laurin & Klement version, we fine-tuned every detail to be top class, whether it's your driving comfort or entertaining your fellow passengers. The interior is characterised by high-quality materials, rich standard equipment, and exclusive details including the Laurin & Klement logo, which can be found on the steering wheel and upholstery.

#### UPHOLSTERY AND SEATS

The interior comes with black or beige upholstery (shown) in perforated leather with the Laurin & Klement logo embroidered on the front seats, which also feature ventilation. The Suedia ceiling in black is optional. The ventilated Ergo front seats, upholstered in black perforated leather, with massage function, and cushion depth adjustment, are also optional.

#### CANTON SOUND SYSTEM

Equipped with twelve speakers and a power output of 625 Watts, the Canton Sound System comes as standard.

**SPORTLINE**

# WORK FROM HOME, PLAY ANYWHERE

Your lifestyle may evolve, but sporty style is here to stay. The ŠKODA KODIAQ SPORTLINE makes a convincing case for it. With a dynamic character and do-it-all attitude, this car can turn any road into your playground.

## STYLE AND FUNCTIONALITY

The exterior of the new KODIAQ SPORTLINE features stylish elements including front grille frame in glossy black, exterior side-view mirror caps and roof railings in black, SportLine badge on the front wings, black inscriptions (such as ŠKODA, the model name or 4x4), and decorative exhaust pipe end pieces in a chrome design. The car's charisma is emphasised by anthracite alloy wheels (19" as standard or 20" as an option).

A detailed view of the interior of a Skoda Kodiaq Sportline. The image shows the driver's side, including the steering wheel with the Sportline logo, the dashboard with a digital display, and the center console. The interior is black with red accents, including a red stripe on the door panel and a red floor plate. The text "SPORTY IS IN THE DETAILS" is overlaid on the left side of the image.

## SPORTY IS IN THE DETAILS

Every detail of the new KODIAQ SPORTLINE reflects its energetic attitude. The interior is characterised by high-quality materials and exclusive features in a sporty style including the SportLine logo on the steering wheel.

#### UPHOLSTERY AND SEATS

The car always features front sports seats, which underline the dynamic interior design. The black perforated Suedia/leather/leatherette upholstery (shown) with silver stitching also comes as standard. The Suedia ceiling in black is optional. The perforated leather/leatherette upholstery (combined with ventilated electrically-adjustable front seats with built-in memory and cushion depth adjustment) is also optional.

#### SPORTS STEERING WHEEL

The pleasure of driving the car is enhanced by the multifunctional sports steering wheel in perforated leather with silver stitching.

**RS**

# FAMILY LIFE, TURBOCHARGED

With a 4x4 drive and 2.0 TSI/180 kW engine at its heart, the ŠKODA KODIAQ RS transforms every chore into a dynamic experience. To ensure all that power doesn't go to your head, there are plenty of safety assistants to protect the most powerful family in the neighbourhood. Yours.

### RS BADGE

The uniqueness of the car is emphasised by original details such as the sports RS badge on the front grille, which is a nod to the famous racing tradition of ŠKODA cars.

### STYLE AND FUNCTIONALITY

The car's sporty genes and dynamic personality are highlighted by many features such as bumpers in RS design, glossy black exterior elements including front grille with RS badge, black inscriptions (such as ŠKODA, the model name or 4x4), visible exhaust pipe end pieces in polished stainless steel finish, and 20" black alloy wheels. The full LED Matrix headlights and TOP full LED tail lights with animated turn indicators also come as standard.

# PREPARE FOR TAKE OFF

Welcome to the cockpit. Fasten your seatbelts and get ready for a remarkably pleasant ride. The interior reflects the exceptional sporty charisma of the car while keeping you in maximum comfort.

#### UPHOLSTERY AND SEATS

The car always features front sports seats with RS logo embroidered on the backrest, which underline the dynamic interior design. The black perforated Suedia/leather/leatherette upholstery with red stitching (shown) comes as standard. The Suedia ceiling in black is optional. The perforated leather/leatherette upholstery (combined with ventilated electrically-adjustable front seats with built-in memory and cushion depth adjustment) is also optional.

#### SPORTS STEERING WHEEL

The car's sporty charisma is emphasised by the sports steering wheel in perforated leather with red stitching, which also carries the RS logo. In addition to the steering wheel and upholstery, red stitching can also be found on the dashboard, gear stick sleeve, front centre armrest, and front and rear door armrests.

**CUSTOMISATION**

# ACTIVE

The standard equipment of the Active version includes 17" steel wheels with Borneo covers, external side-view mirror caps and door handles in body colour, roof railings in black, chrome front grille frame, LED headlights, full LED tail lights, 2-spoke multifunctional leather steering wheel, dashboard with stitching, KESSY GO (for keyless switching on and off of the engine), 6.5" Swing radio, 8" Digital Display\*, electrically-controlled front and rear windows, air conditioning, sunglasses compartment, electromechanical parking brake, plus more.

# ACCESSORIES

# MAKE YOUR KODIAQ YOUR KODIAQ

### REAR SEAT PROTECTION

The practical cover prevents the interior of your car from getting dirty or damaged. Its size can be changed to cover only half of the rear seat

### DOG SAFETY BELT

If one of your usual passengers is a dog, we recommend equipping your car with a special safety belt

### CHILD SEATS

Each type of child safety seat from the ŠKODA Genuine Accessories passes through a series of rigorous tests. In our wide range, you will find seats designed for children up to 36 kg (Kidfix II XP child seat shown).

#### SUN SHADES FOR THE 5TH DOOR AND BOOT SIDE WINDOWS

This useful and easy-to-fit accessory provides protection from sun as well as concealing the cargo area from prying eyes.

NOT FINAL

#### SUN SHADES FOR REAR SIDE WINDOWS

This accessory for the whole year round protects you from harsh sunlight in the summer and provides greater privacy from passersby looking inside.

#### SMART HOLDER – MULTIMEDIA HOLDER

The holder for an external device, which can be mounted on the front seat headrests, will definitely be appreciated by the rear seat passengers.

#### SMART HOLDER – HOOK

Handbags and backpacks don't have to take up space on the back seats. Hang them from the smart holder hook that is fixed to the front headrests.

#### SMART HOLDER – CLOTHES HANGER

The clothes hanger, which can be mounted on the front seat headrests, is an extremely practical accessory, especially for those who travel to work wearing a suit.

FOLDABLE BOOT PROTECTION

This practical accessory is designed to protect the floor and the sides of the luggage compartment. It can also cover the rear bumper to prevent any damage. Thanks to its waterproof material, it is easily washable.

FOLDABLE DOUBLE-SIDED BOOT MAT

The foldable double-sided mat (rubber/textile) helps to keep the luggage compartment clean even when transporting relatively long items that are dirty. It allows you to cover the rear bumper while loading items, thus protecting it from dirt and damage.

NOT FINAL

BOOT DISH

This accessory protects the luggage compartment from moisture and dirt, and is therefore a practical solution for any vehicle.

ALUMINIUM PARTITION FOR BOOT DISH

Aluminium partition can be inserted into the dish, separating the storage space into any number of smaller compartments.

**PRESTIGE TEXTILE FOOT MATS WITH GREY STITCHING**

They aesthetically complement the modern interior design and outline the footwell contours.

NOT FINAL

**DECORATIVE DOOR SILL COVERS WITH ALUMINIUM INSERTS**

Four-piece decorative door sill covers with aluminium inserts are an accessory that can be used to enhance your vehicle's aesthetics. They also protect the paintwork around the door sills from dirt.

**ALUMINIUM DECORATIVE DOOR SILL COVERS**

Four-piece aluminium door sill covers with KODIAQ inscription, which perfectly follow the contours of the vehicle, are an original feature with aesthetic as well as practical functions.

**FRONT AND  
REAR MUDFLAPS**

The front and rear mud flaps protect the lower areas of the vehicle body from dirt and damage caused by stones and debris striking them. Mud flaps are useful especially in winter, when the corrosive salt that is spread on the roads generally sticks to the mud flaps rather than to the vehicle body.

**FOOTBOARDS**

Made from stainless steel, this accessory is designed to stand out and make your life easier when loading various objects on the roof. It is also fitted with an anti-slip rubber liner to increase your safety.

#### LOCKABLE SKI OR SNOWBOARD RACK

The lockable rack, which has passed ŠKODA's load tests and safety tests, is a simple solution for transporting your skis or snowboard on the car roof. It can carry 4 pairs of skis or 2 snowboards.

#### BICYCLE CARRIER FOR TOW BAR

The rack is extremely sturdy, easy to fit, and easy to use – simply lift the bicycle up a little to secure it in place. It works with all types of tow bars and is available in 2- and 3-bicycle variants.

#### LOCKABLE BICYCLE RACK

You can securely attach the lockable bicycle rack with aluminium profile onto the basic roof rack.

#### TRANSVERSE ROOF RACK

Thanks to the lockable transverse roof rack, you can use other racks and holders from the ŠKODA Genuine Accessories range such as bicycle or ski carriers and ski or snowboard boxes.

ROOF BOXES

Enjoy a larger capacity and easier loading with the ŠKODA roof boxes, which enable you to transport skis or snowboards, as well as bulky luggage, pushchairs, etc., that would not fit into the boot of a fully occupied car. All roof boxes feature an advanced aerodynamic shape and UV protection, ensuring that your box will always look new.

NOT FINAL

ROOF BOX – 400 LITRES

This lockable roof box for up to 6 pairs of skis or 5 snowboards features exceptional capacity, opening on both sides, and easier handling. The box is available in black or silver.

ROOF BOX – 380 LITRES

The lockable roof box with an aerodynamic profile for up to 5 pairs of skis or 4 snowboards features an optimised shape with a lower bottom, which positively affects driving stability and limits vibrations while minimising air drag and associated driving noise. The box is available in black, silver, and white.

# WHEEL CARE AND STYLE PACK

20" ARCTOS silver metallic alloy wheel, brushed  
8J x 20"

20" ARCTOS black metallic alloy wheel, brushed  
8J x 20"

19" CURSA anthracite metallic alloy wheel, brushed  
7.5J x 19"

19" CURSA black metallic alloy wheel, brushed  
7.5J x 19"

19" PROCYON black metallic alloy wheel, brushed  
7J x 19"

19" ARONIA anthracite metallic alloy wheel, brushed  
7J x 19"

Car wheels are like shoes. No matter whether the “shoes” of your ŠKODA are stylish, sporty or purely functional, our WHEEL CARE & STYLE PACK (wheel covers, valve caps, locking wheel bolts) offers a multitude of items which will make your wheels even more attractive and totally unique!

**COMPLETE WHEEL COVERS**  
This set of high-quality polyester wheel covers enables easy wheel transport and handling.

**DECORATIVE VALVE CAPS**  
With tyre valve caps bearing the ŠKODA logo, your car will look stylish down to the smallest detail.

**LOCKING WHEEL BOLTS**  
The locking wheel bolts supplied with a special adapter provide your vehicle with greater protection against the attempted theft of the wheels.

**BOLT CAPS**  
Our offer includes decorative bolt caps for wheels with and without locking wheel bolts.
